Assessing and Reporting Extract

There should be a balance between the assessment of:

- knowledge and understanding outcomes and course content and
- skills outcomes and content, as follows:

Component Weighting (%) Knowledge and Understanding 50 % Skills 50 %

One task may be used to assess several components. It is suggested that two to three tasks are sufficient to assess the HSC course outcomes for a one-unit course and three to five tasks are sufficient to assess the HSC course outcomes for a two-unit course.
